**4 DAYS**

**Personal invitation to join the UltraSwim 33.3  
Founders at our 2024 Pioneer Event: #4Greece  
Strictly limited places**

# #4GREECE: 13-16 SEP 2024

## THE MAMMA MIA EDITION

### AROUND SKOPELOS, GREECE'S GREENEST ISLAND

**This latest epic adventure swim race course** takes us around the unspoiled forested island of Skopelos, in the Sporades, 100km to the north of Athens. A national park made famous by the *Mamma Mia* film of 2008, it features wild coastlines both exposed and sheltered from the strong northerly winds that can blow hard, remote beaches only accessible from the water, towering cliffs and classic Greek hospitality - most of all from our family owned and run luxury Adrina Hotel partners.

This Pioneer Event will consist of our usual format of Friday-Monday, with registration on Thursday, opening up the opportunity for an extended holiday, or a quick visit to the Acropolis and ancient monuments of Athens on the way in or out. Replicating the exclusive format of our first ever Pioneer Event #1 Montenegro back in 2022, there will be surprise premium extras for our most loyal swimmers. A mid-September start for #4Greece will see water at a likely temperature of 22-26°C.

**33.3KM | 4 DAYS**

**#4GREECE**

Adrina Resort Hotel & Spa is our 5\* hotel base with 100% on-site solar energy

Skopelos is the greenest of the Greek islands with 84% of the island covered by forest

We'll be boarding boats directly from the hotel beach

This is NOT the route, just potential stages under consideration

## A BIT MORE DETAIL

**HOW AND WHEN TO GET THERE?** You can fly direct to Skiathos (JSI) from a number of European cities including London, Manchester, Naples, Rome, Vienna, Paris...and twice daily a 40-minute flight in from Athens. If you haven't done the Acropolis visit, now could be the time! From Skiathos (weather permitting) we're going to transfer you by water taxi to the beach of the Hotel Adrina. There is also the option to come by land and ferry via several routes direct to Skopelos island from various ports to the north of Athens (exact timetable published in May).

**ARRIVAL:** Land at Skiathos airport ideally early morning and by **1300 latest** on Thursday 12 September.

**DEPARTURE:** Leaving from Skiathos airport is possible **from 1500** on Monday 16th. You can of course choose to chill and enjoy the island...or take the ferry or private water taxi route towards Athens, with a land taxi transfer (2-3 hours) to the ancient city itself.

Additional nights before and after at the Adrina Hotels are possible.

**SWIMMING CONDITIONS?** Just a few weeks after peak temperatures, we expect the water to be no less than 22°C and easily more than 26°C. Wetsuits are unlikely to be needed but optional, of course. The island's waters can be mirror calm or roughed up by the big north wind that can blow at any time, as well of course September storms - be ready for a bit of everything as we aim to circumnavigate as much as possible of this beautiful, undeveloped island. The definition of adventure!

**PARTICULARITY OF #4:** Whether you love it, or have never even heard of it before, you're not going to be able to swim without ABBA's Mamma Mia theme tune in your head, as we start/finish at a number of the film set locations! #4Greece is likely to be the warmest and most remote route so far in the 33.3 series, with swimming through beaches and bays that are only accessible by water.

# #4GREECE PACKAGE BENEFITS

**ULTRA+**

**ULTRA**

F<sup>3</sup> and partner package

		<b>ULTRA+</b>	<b>ULTRA</b>	F <sup>3</sup> and partner package
<b>RACE</b>	Race management and timing, safety boats/kayaks, medical boat, race briefings, feed-station nutrition @never more than 5km apart, start/finish boat and land transfers, tracking	✓	✓	<b>Boat ✓ + short swim options</b>
